

Shoulder360TM

May 2-4, 2024

Loews Miami Beach

www.shoulder360.org

Since its inception in 2021, Shoulder360™ has been providing an interactive shoulder course focusing on shoulder repair and reconstructive surgery. Shoulder360™ redefines the way we think about surgical education of the shoulder and provides an interactive course. We use innovative methods to engage the attendees, encourage participation, and utilize new educational technologies for a more interactive experience.

Purpose

Shoulder360™ aims to educate the spectrum of healthcare providers caring for patients with shoulder disorders. The target audience will be practicing surgeons and surgeons in training, nurses, physician assistants, and physical therapists with a practice focus on the shoulder. Shoulder360™ wants participants to learn about the newest and best ways to treat their patients while enjoying a setting designed to foster lifelong friendships and collaboration.

Loews Miami Beach

The Loews Miami Beach Hotel offers spacious guest rooms, luxury suites and the best in South Beach dining, steps from the ocean.

Shoulder360 has reserved a group block at the Loews South Beach for \$399/night ++. You will receive a housing link immediately after registering for the meeting. The discounted room rate is for REGISTERED Shoulder360 attendees only.

Registration Rates

- Physicians:
 - \$899 - Before December 1
 - \$999 - Between December 2 - February 15
 - \$1,250 - After February 15
- Early Career Physician (less than 2 years out of residency/fellowship): \$625
- Resident/Fellow/Medical Student: \$400
- International Attendees: \$750
- Advanced Practice Provider: \$650
- Guest/Spouse: \$200

Visit www.shoulder360.org to register online.

Formula 1 Finale

A limited number of discounted tickets are available for Sunday's F1 finale for meeting attendees & guests. The ticket prices are \$1,650 (originally \$1,900 each). This includes all fees & taxes. The seats are in turn 1 grandstand, section B2, rows 26 & higher (under the shade).

Email shoulder360course@gmail.com for additional information or to reserve your ticket.

General Information

Course Co-Directors

Joseph A. Abboud, MD

Professor of Shoulder and Elbow Surgery
The Sidney Kimmel Medical College
Thomas Jefferson University
Rothman Orthopaedic Institute
Philadelphia, PA

Dr. Abboud is an internationally recognized authority for the treatment of shoulder and elbow disorders. He is a Professor of Orthopaedic Surgery at the Sidney Kimmel Medical College of Thomas Jefferson University.

Dr. Abboud graduated Summa Cum Laude from St. Joseph's University and received his medical degree from Georgetown University School of Medicine. He went on to residency in orthopaedic surgery at the University of Pennsylvania and subsequently completed two fellowships there in advanced Shoulder and Elbow surgery and orthopaedic biomechanics. In addition, he has recently completed the general management program at the Harvard Business School.

His passion for teaching has been acknowledged by the Sidney Kimmel Medical College at Thomas Jefferson University, having been awarded the Deans Award for Excellence in Education. He has also been routinely been recognized by his peers for excellence in patient care by his peers.

Dr. Abboud performs a wide variety of simple and complex surgical procedures on the shoulder and elbow including arthroscopic surgery (e.g. rotator cuff repairs, instability surgery) comprehensive fracture care, as well as shoulder and elbow replacement (arthroplasty) procedures. His goal is to always provide each patient with exceptional personalized care.

Course

Co-Directors

Raffy Mirzayan, MD

Clinical Professor, USC Keck School of Medicine

Director of Cartilage Repair and Restoration

Director of Resident Education

Co-Director of Sports Medicine Kaiser Permanente

Baldwin Park, CA

Dr. Raffy Mirzayan graduated from the University of Southern California School of Medicine with Alpha Omega Alpha medical honors. He completed his residency in orthopaedic surgery at the Los Angeles County, University of Southern California Medical Center in Los Angeles, CA, where he was chief resident. He then completed a sports medicine fellowship at the prestigious Kerlan-Jobe Orthopaedic Clinic in Los Angeles, where he served as the assistant team physician to the Lakers, Dodgers, Angels, Kings, Galaxy, Sparks. Dr. Mirzayan is currently a Clinical Professor of Orthopaedic Surgery at the University of Southern California Keck School of Medicine. He is the Director of Cartilage Repair and Restoration, Director of Resident Education, and the Co-Director of Sports Medicine at Kaiser Permanente, Baldwin Park, CA.

Dr. Mirzayan has authored numerous peer-reviewed publications and book chapters. He has received several awards including the AOA-Zimmer Award, Vernon P. Thompson Award and DePuy Research Award. He has presented his work at various national and international meetings. He has published three books in the field of orthopaedics and sports medicine. He serves on several committees of local and national orthopaedic, sports medicine, and shoulder societies. His orthopaedic interests include athletic injuries of the knee, shoulder and elbow, ligament repair and reconstruction, arthroscopy and cartilage restoration and repair.

Course Co-Directors

Paul Sethi, MD

Sports Medicine Specialist
Elbow, Knee & Shoulder Surgeon
Orthopaedic and Neurosurgery Specialists, PC
Greenwich, CT

Paul Sethi, MD is a board-certified orthopedic surgeon who specializes in sports medicine conditions of the elbow, knee and shoulder. He is a leading research physician who speaks at academic and instructional medical conferences in the US and abroad. His research on surgical advances in his specialty is regularly published in leading medical journals, including the Journal for Shoulder and Elbow Surgery, Arthroscopy, and the Journal of American Academy for Orthopaedic Surgery. He also collaborates with companies to develop medical procedures on the shoulder, elbow and knee and engage in various education and research opportunities. Dr. Sethi is a member of the prestigious American Shoulder and Elbow Society and American Academy of Orthopedic Surgeons. He is also President of the ONS Foundation for Clinical Research and Education(ONSF).

As President of the ONSF, Dr. Sethi's research has recently included a clinical study of the non-opioid solutions for post-surgical pain management; the establishment of better methods for surgical skin preparation (cleaning) to lower the risk of surgical infection; development of a new technique to repair chronic or weakened biceps tendons; and the evaluation of surgical needles in tendon surgery to establish international guidelines on needle use.
