

Shoulder360

The Comprehensive Shoulder Course

PROGRAM

April 23 - 25, 2026

Loews Miami South Beach

www.shoulder360.org

Since its inception in 2021, Shoulder360™ has been providing an interactive shoulder course focusing on shoulder repair and reconstructive surgery. Shoulder360™ redefines the way we think about surgical education of the shoulder and provides an interactive course. We use innovative methods to engage the attendees, encourage participation, and utilize new educational technologies for a more interactive experience.

Purpose

Shoulder360™ aims to educate the spectrum of healthcare providers caring for patients with shoulder disorders. The target audience will be practicing surgeons and surgeons in training, nurses, physician assistants, and physical therapists with a practice focus on the shoulder. Shoulder360™ wants participants to learn about the newest and best ways to treat their patients while enjoying a setting designed to foster lifelong friendships and collaboration.

Experience the Loews Miami Beach

Attendees of Shoulder360 2026 will enjoy Loews Miami Beach Hotel's newly redesigned guestrooms, completed in late 2025. Blending modern coastal luxury with South Beach style, each room features fresh décor, custom furnishings, and upgraded amenities designed for comfort and convenience. From ocean-view balconies to spacious spa-inspired bathrooms, every detail has been elevated to enhance your stay. With the renovation complete, our guests will enjoy a refreshed retreat in the heart of South Beach—just steps from the meeting space, beach, and vibrant Miami nightlife.

A discounted group rate has been blocked at the Loews for \$419/night plus tax & \$25 resort fee. The discounted rate will be available till March 23rd or till the block sells out.

Young Surgeons Forum

Now on Sunday, April 26 | 8:00 AM–12:00 PM, YSF is a half-day program at Shoulder360 for early-career surgeons, residents, fellows, and medical students—focused on practical career insights and real-world learning beyond the textbook. The YSF program is included with meeting registration.

Registration Rates

- **Physicians:**
 - \$1,250 - After January 31
 - \$1,300 - Onsite
- **Early Career Physician** (*less than 2 years out of residency/fellowship*):
 - \$800 - After January 31
 - \$1,300 - Onsite
- **International Physician Attendees:**
 - \$1,000 - After January 31
 - \$1,300 - Onsite
- **Resident/Fellow/Medical Student:**
 - \$500 - After January 31
 - \$650 - Onsite
- **Advanced Practice Provider** (PA, NP, APRN, PT, etc):
 - \$700 - After January 31
 - \$800 - Onsite
- **Guest:** \$200 (*includes access to conference breakfasts, lunches & receptions*)

Visit www.shoulder360.org to register online.

Continuing Medical Education

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Association of Georgia through the joint providership of Southern Alliance for Physician Specialties CME and Shoulder 360. The Southern Alliance for Physician Specialties CME is accredited by the Medical Association of Georgia to provide accredited medical education for physicians.

The Southern Alliance for Physician Specialties CME designates this live activity for a maximum of 15.00 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Joseph Abboud, MD

Professor of Shoulder and Elbow Surgery
The Sidney Kimmel Medical College
Thomas Jefferson University
Rothman Orthopaedic Institute
Philadelphia, PA

Dr. Abboud is an internationally recognized authority for the treatment of shoulder and elbow disorders. He is a Professor of Orthopaedic Surgery at the Sidney Kimmel Medical College of Thomas Jefferson University.

Dr. Abboud graduated Summa Cum Laude from St. Joseph's University and received his medical degree from Georgetown University School of Medicine. He went on to residency in orthopaedic surgery at the University of Pennsylvania and subsequently completed two fellowships there in advanced Shoulder and Elbow surgery and orthopaedic biomechanics. In addition, he has recently completed the general management program at the Harvard Business School.

His passion for teaching has been acknowledged by the Sidney Kimmel Medical College at Thomas Jefferson University, having been awarded the Deans Award for Excellence in Education. He has also been routinely recognized by his peers for excellence in patient care by his peers.

Dr. Abboud performs a wide variety of simple and complex surgical procedures on the shoulder and elbow including arthroscopic surgery (e.g. rotator cuff repairs, instability surgery) comprehensive fracture care, as well as shoulder and elbow replacement (arthroplasty) procedures. His goal is to always provide each patient with exceptional personalized care.

Raffy Mirzayan, MD

Clinical Professor, USC Keck School of Medicine

Director of Cartilage Repair and Restoration

Director of Resident Education

Co-Director of Sports Medicine Kaiser

Permanente

Baldwin Park, CA

Dr. Raffy Mirzayan graduated from the University of Southern California School of Medicine with Alpha Omega Alpha medical honors. He completed his residency in orthopaedic surgery at the Los Angeles County, University of Southern California Medical Center in Los Angeles, CA, where he was chief resident. He then completed a sports medicine fellowship at the prestigious Kerlan-Jobe Orthopaedic Clinic in Los Angeles, where he served as the assistant team physician to the Lakers, Dodgers, Angels, Kings, Galaxy, Sparks. Dr. Mirzayan is currently a Clinical Professor of Orthopaedic Surgery at the University of Southern California Keck School of Medicine. He is the Director of Cartilage Repair and Restoration, Director of Resident Education, and the Co-Director of Sports Medicine at Kaiser Permanente, Baldwin Park, CA.

Dr. Mirzayan has authored numerous peer-reviewed publications and book chapters. He has received several awards including the AOA-Zimmer Award, Vernon P. Thompson Award and DePuy Research Award. He has presented his work at various national and international meetings. He has published three books in the field of orthopaedics and sports medicine. He serves on several committees of local and national orthopaedic, sports medicine, and shoulder societies. His orthopaedic interests include athletic injuries of the knee, shoulder and elbow, ligament repair and reconstruction, arthroscopy and cartilage restoration and repair.

Paul Sethi, MD

Sports Medicine Specialist
Elbow, Knee & Shoulder Surgeon
Orthopaedic and Neurosurgery Specialists, PC
Greenwich, CT

Paul Sethi, MD is a board-certified orthopedic surgeon who specializes in sports medicine conditions of the elbow, knee and shoulder. He is a leading research physician who speaks at academic and instructional medical conferences in the US and abroad. His research on surgical advances in his specialty is regularly published in leading medical journals, including the Journal for Shoulder and Elbow Surgery, Arthroscopy, and the Journal of American Academy for Orthopaedic Surgery. He also collaborates with companies to develop medical procedures on the shoulder, elbow and knee and engage in various education and research opportunities. Dr. Sethi is a member of the prestigious American Shoulder and Elbow Society and American Academy of Orthopedic Surgeons. He is also President of the ONS Foundation for Clinical Research and Education(ONSF).

As President of the ONSF, Dr. Sethi's research has recently included a clinical study of the non-opioid solutions for post-surgical pain management; the establishment of better methods for surgical skin preparation (cleaning) to lower the risk of surgical infection; development of a new technique to repair chronic or weakened biceps tendons; and the evaluation of surgical needles in tendon surgery to establish international guidelines on needle use.

Americana Ballroom Salon 1-2

Sunday, April 26

YOUNG SURGEONS FORUM

YSF at Shoulder360 is a focused, half-day program designed for early-career surgeons, residents, fellows, and medical students. The forum offers practical, real-world insights on building a successful career in shoulder and sports medicine—covering topics beyond the textbook through candid discussions, expert faculty, and actionable takeaways. **The YSF program is included with meeting registration.**
