Eric Ricchetti, MD

After receiving his undergraduate degree from Yale University and his medical degree from the University of Pennsylvania School of Medicine, Dr. Ricchetti completed his internship and residency in orthopaedic surgery at the Hospital of the University of Pennsylvania. During his residency training, Dr. Ricchetti also completed a year of dedicated research in the McKay Orthopaedic Research Laboratory at the University of Pennsylvania. Following residency, he completed a fellowship in shoulder and elbow surgery at Thomas Jefferson University Hospital, the Rothman Institute.

Dr. Ricchetti's interests in shoulder pathology include joint replacement and arthroscopy, rotator cuff tears and other tendon and ligament problems, sports injuries, and trauma. Dr. Ricchetti is very active in shoulder and elbow research and has authored a number of publications and book chapters, including presenting at regional and national conferences.
